THOROLD HERITAGE WALKS

THE THOROLD DISCOVERY WALK

Take a stroll on the Discovery Walk and sample Thorold's rich heritage and history. You may decide to do it all at once, or you may prefer to take it a section or two at a time, walking as far as you are comfortable with and returning another day to do some more. No matter how you proceed, you are sure to be surprised by what you see and learn. The total length is about 6.5 km (4 miles). For more in-depth history, try one of our shorter themed walks: the Welland Canal Walk, the Thorold Old Town Walk, or the Historical Canals Walk.

Maplehurst, the Keefer Mansion Inn

NOTE: Entries in italics denote locations described in more detail in *Thorold, a Selection of Heritage Buildings and Sites*, a free booklet published by Heritage Thorold LACAC and available at the Lock 7 Viewing Complex and Thorold Public Library. On the map these locations are marked by this symbol: ●.

PORTLAND STREET

... an old-established residential street, once called Water Street because it led to the early Welland Canals in downtown Thorold
